

QUALITY, HEALTH, SAFETY AND ENVIRONMENTAL (QHSE) POLICY OF DENT STEEL SERVICES LIMITED

About us

Dent Steel Services specialises in the supply of plates, profiles and in-house processing to all major markets including naval, oil & gas, onshore and offshore renewables, construction and bridges.

Believing in a partnership approach to managing their business, the Dent Steel Services dedicated teams strive to build strong relationships with all their customers through the delivery of consistently high-quality service, expertise and products. Flexible and adaptable, Dent Steel Services can supply from its extensive in-house stock or work to develop tailor made packages and solutions to meet their customers' needs whether simple or complex.

Our Principles

We conduct our business with respect and care for the environment by preventing environmental pollution, and without compromising the health and safety of people by ensuring the prevention of ill health, whether they are employees, customers, visitors or contractors.

We strive to continuously improve our business processes while meeting legal and regulatory requirements and the relevant international standards.

We provide high quality products and service to make our customers successful and add value to our business chain. We engage in an environment for open and transparent communication of QHSE affairs.

We recognise that the skills and involvement of our employees are essential for understanding and fulfilling the needs of our company and customers.

We provide the necessary resources to achieve our vision.

Our Commitment

To follow these principles Dent Steel Services will:

- Integrate QHSE into the overall business strategies and processes.
- Manage QHSE effectively by developing, implementing and maintaining best practice, process oriented Integrated Management System.
- Assess and manage the QHSE risks of the business throughout the product life cycle and the environmental impacts from our practices.
- Measure QHSE performance and develop annual and long term QHSE objectives to achieve continuous, sustainable improvement.
- Verify compliance with internal and external requirements through audits and strive for compliance with the international standards of ISO 9001:2015, ISO 14001:2015, OHSAS 18001:2007 and NHSS 3B.
- Address QHSE issues and their impact on practices, processes and products to align our business with interested parties and customer expectations.
- Promote QHSE awareness and enhance confidence of internal and external stakeholders in our business by informing, consulting, advising and training prevent injury or ill health and ensure quality assurance.
- Hold every employee accountable for their commitment to our principles

Chris Stokes
Managing Director
